FRANCE WILL TAKE PART AT THE HAGUE

If Political Questions Are Introduced
French Delegates Will
Withdraw

Paris, June 19.—(By Associated Press).—France will take part in the conference at The Hague with Russian delegates beginning June 26th, it was officially announced today. If political questions are introduced, however, the French delegates will promptly withdraw.

MUCH INTEREST IN THE MINNESOTA PRIMARY

St. Paul, June 19.—(By Associated Press).—Minnesota voters went to the polls today to nominate party candidates for the United States Senate, Congress and state offices in a primary election. There is more than usual interest in the senatorial race. Mrs. Annie Dickie Oleson is running for the democratic nomination against two men and Senator Kellogg has two opponents for the republican nomination.

PYLES-MELIN

A very quiet and informal wedding and one that will be of interest to the friends of the couple throughout the county was solemnized Saturday evening when Miss Lillian Melin became the bride of Mr. James J. Pyles. The wedding took place at the home of Mrs. R. J. Perkins on East Fort King and was simple and informal. Judge L. E. Futch performed the ceremony, which occurred at 8:15. Mrs. R. J. Perkins, Mr. Robert Perkins and Mr. Marion Lummas, nephew of the groom, were the only ones present.

The bride who is a pretty brunette, was simply but stylishly costumed in white. The bride is the fourth daughter of Mr. and Mrs. John Melin of this city, and has with her parents made her home in Ocala for the past six years. For four years she held the responsible position of bookkeeper with the Marion Hardware Company, until recently when she left that firm to accept a position with the Wartmann Nursery Company of this city. She is a pretty and attractive young woman who has won for herself many friends in the business world, who will extend to her sincere good wishes for her future happiness.

Mr. Pyles is well known throughout the state, for many years having been a traveling man representing a wholesale grocery house in this section. He is the eldest son of Mrs. James Pyles of this city and the late James J. Pyles, one of the best known of the pioneer orange growers of this county.

"Jim," as he is known and hailed by his friends, has left the road and is now a successful farmer and tomato grower, his place being about four miles south of town on the Orange avenue road, and here this popular young couple will be at home to their many friends.

The Star extends good wishes to Mr. and Mrs. Pyles for future health, wealth and happiness.

DODGE BROTHERS

BUILD ALL STEEL COUPE

Behind the simple phraseology of an announcement which Dodge Brothers are publishing today in every important city and town in America, lies the story of a new achievement in automobile development.

The business coupe is the first all-steel closed car ever marketed. "Wood is practically eliminated from the construction of this car," said Mack Taylor, the local dealer. "Even the framework and panels are of steel, and the natural result is a lighter, quieter and more durable car. Steel prolongs life and reduces the possibility of squeaks and rattles. The business men of America have been expecting such a coupe and Dodge Brothers have given it to them. We already have good indications of a tremendous demand."

"The change of design in the other Dodge Brothers cars indicates that while they have always adhered closely to the practical they are also progressive and abreast of the time. It is their policy to make improvements year after year and month after month and this is simply another step forward."

Mr. and Mrs. John Melin are both confined to their home on account of sickness.

MELON MARKETS ARE STOCKED UP

Growers are Advised by Marketing
Bureau Not to Ship For Next
Three or Four Days

Jacksonville, June 19.—The State Marketing Bureau today advised watermelon growers not to ship melons weighing less than an average of twenty-two pounds. The Chicago, Boston, Philadelphia and Jacksonville markets are flooded. Jacksonville consumes an average of ten cars daily. Sixty-five cars arrived today. Melons are bringing anywhere from freight to \$25 or \$50 a car. Growers were advised not to ship melons to Jacksonville for the next three or four days.

AMERICAN LEGION'S FLORIDA ADVERTISING

West Palm Beach, June 15.—We stand for all of Florida.

We are willing to do our part. Will you do yours?

This is the slogan of the American Legion of the department of Florida.

State Commander Jerome Wideman of the American Legion of the State of Florida has one of the best advertising schemes that has yet been presented to boost this state and to give the citizens of all parts of the U. S. a better idea of what the climate is and what is produced here as compared to other parts of the world.

The American Legion, through its state commander, has completed all details with Palm Beach County Agricultural Agent J. A. Dew to take charge of the proposition and the latter in his hustling manner has taken off his coat and already has made arrangements to present the greatest campaign in the state to have a display at New Orleans next October when the Legion will hold its fourth annual convention in that city.

This convention will bring together the greatest assembly of young men the country has ever witnessed. This gathering will bring together young men who are wanted in the state. At all other conventions, such as Rotarians, Elks, Odd Fellows, Masons, Kiwanas, K. of P. and, in fact, any of the great organizations, the representatives are older men who have established themselves in some locality. They are not in receptive a mood to change residence and come to some other place. But in the case of the American Legion, which is composed of young men who are in the field for a future home, Florida is in a position to offer them one.

It is for this reason that the Legion, through Mr. Dew, is going about a system of advertising that will prove to the delegates and visitors who will be in the Crescent City that this state is the future home for all of them. A place where they can start and make a better living for themselves and be more independent than in any other climate.

This state needs young men more than any other and now is the time to go out and get them, when there are thousands who will listen to argument. How to get them into an argument is to get them to ask questions why they should come to Florida to live. The Legion is going to show them—present arguments that any sane person—and they are all sane who fought for our grand old flag—what the Legion wishes to do is to have the grandest display of what is produced in the state in the way of citrus fruits.

Mr. Dew is going to ask assistance from the American Fruit Growers, The Citrus Exchange, Chace & Co., and others, to give outright to the Legion for demonstration purposes three car loads of goods if possible.

The county agent wants to have 3,000 pounds of pecans, 6,000 pounds of peanuts, and with the three or more cars of grapefruit, oranges, etc., to give away in some manner to convince the visitors that Florida is the state to live in. He has reserved space in one of the leading hotels in New Orleans when the convention convenes, where orange and grape fruit juice will be served to those who are thirsty. Peanut parching stands will be leased and located at prominent corners in the city for the distribution of Florida peanuts in specially printed paper bags.

Moving pictures of the entire state will be shown, while plenty of good

NEWMAN KILLED ARNOLD BURNEY

Nineteen-Year-Old Girl Wife Denies
That Slain Man Had Alienated
Her Affections

Jacksonville, June 19.—(Associated Press).—Gaither Newman, age twenty-seven, a guard at the county stockade, shot and instantly killed Arnold Burney, a furniture salesman, in the kitchen of the Newman home here at noon today. Newman said that Burney had alienated his wife's affections. The wife, who is only nineteen years old denies this and said that Burney called to talk about the sale of a phonograph. Newman surrendered.

ONE LITTLE JACKSONVILLE NE- GRO KILLED ANOTHER

Jacksonville, June 19.—(Associated Press).—James Smith, age nine, was shot and killed today by Albert Johnson, age eight. Both negroes. Both had pistols, one loaded and the other empty. They were playing under the house. Albert fled after the shooting and has not been found.

CHIEFS MARKING TIME; EMPLOYEES MARKING BALLOTS

Chicago, June 19.—(By Associated Press).—The railroad chiefs are marking time today while the employees of the roads are marking strike ballots. By July 1st the referendum will be completed and it will be known then whether the nation faces an actual strike and transportation war.

speakers will be on hand to show you what Florida has.

The cost of this advertising will run between \$12,000 and \$15,000. This sum has been prorated among all the counties on an equitable basis. All Florida and not just one part will be advertised.

As there are 78 American Legion posts in the state it will mean a very small amount for each locality to raise.

It is also intended to ask all chambers of commerce, Rotarian, Kiwanis or other organizations of business men to help raise this trifling amount in order to put on the greatest advertising game ever started in Florida.

Here are a few of the plans of the Legion:

Assemble a complete exhibit of all agricultural, horticultural, mineral and other natural resources of the state, and prepare these articles for permanent exhibit.

To transport this exhibit to New Orleans and show it in the most prominent place in the city.

To send all kinds of souvenirs from each county in the state and city for free distribution.

To act as a clearing house for all chambers of commerce, county boards and public and civic bodies who desire to distribute literature and disseminate facts of Florida's needs and opportunities.

To keep a complete register of all persons making inquiries or showing any interest in the state, and to supply those names to all organizations who may wish them, without any charge to those bodies.

To keep a sufficient supply of fresh citrus fruits on hand as the place of exhibit at all times and to provide young ladies to slice or prepare this fruit for free sampling.

To distribute free, peanuts and pecans in suitable printed bags.

To do any or all things in order that when a person or persons leave for their homes in other parts of the world they will know what Florida has to offer in the way of inducements to come to this state to make their homes.

State Commissioner Wideman will select and ask to serve as an executive and advisory committee three prominent men, not members of the Legion, from different sections of Florida, who in addition to acting in an advisory capacity, will select the manager and will receive and distribute all funds collected in connection with the exhibit. Should any balance be left in the treasury at the conclusion of the exhibit it will be returned to the different counties in proportion to their contributions.

It is distinctly understood that the American Legion of Florida is acting only as an agent for putting on what they believe will prove the best means of advertising this state that could be devised. The Legion will not accept one cent for their trouble, donating the services of every one to help make this a big winner.

COLONEL MARCELLUS UNDER INDICTMENT

Trouble for Shipping Arms
Auto Ordnance Company Official In
to the Sinn Fein

Trenton, N. J., June 19.—(By the Associated Press).—Colonel Marcellus H. Thompson, vice president and active head of the Auto Ordnance Company of New York, has been indicted by a federal grand jury here on the charge of conspiracy to ship arms to Ireland in violation of the neutrality laws. The announcement was made today by Assistant United States Attorney Arrow-Smith.

Indictments were also returned against the Auto Ordnance Company and seven other individuals on the same charge as the result of seizure at Hoboken last June of the steamer East Side, in the coal bunkers of which were found 495 machine guns. The guns were alleged to have been destined for use by the Sinn Fein in Ireland.

PORTUGUESE CELEBRATION RESULTED DISASTROUSLY

Lisbon, June 19.—(By Associated Press).—Several were killed and about thirty injured in an explosion on a vessel in the Tagus river last night during a fireworks display in celebration of the successful completion of a trans-Atlantic flight by Portuguese aviators.

COWARDLY ATTACK ON BISHOP ARAGONE

Montevideo, June 19.—(Associated Press).—The condition of Archbishop Juan Francisco Aragone, shot while celebrating mass in the cathedral here yesterday, was reported worse today. The attack was made by a 23-year-old Spaniard, who arrived here recently. After firing five shots the assassin pursued the archbishop to the sacristy where members of the congregation overpowered the assailant.

120 INJURED AT CHEMNITZ

Berlin, June 19.—(By Associated Press).—One hundred and twenty persons were injured, some seriously, in a fight between members of a patriotic organization and a party of communists at Chemnitz Saturday.

"LISTENING IN" ON THE O. H. S.

A business meeting of the Ocala School Band was held at the regular practice hour last week in the high school studio. Fourteen of the seventeen enrolled members were present, and the following officers were elected: Karl Henderly, president; Chivallette Smith and Sammy Savage, vice presidents; Turney Colbert, secretary, these to hold office during the summer.

Tuesday and Thursday nights were definitely set for band practice. A ruling was made imposing a fine of 25 cents upon a member missing a practice with no valid excuse. Three such absences will result in suspension.

The band at present is made up of members from eleven to seventeen years of age, the average age being fourteen years. Mrs. Cole informed those present that within a month's time three new members would be ready for entrance.

A motion was duly made and carried that little "Toad" Henderly be band mascot. The business meeting was followed by the regular practice, which lasted until ten o'clock, when the meeting adjourned. T. C.

DODGES HAVE NEW DESIGN

Mack Taylor's Dodge Agency has received a car load of improved Dodge autos (if there was any room for improvement in these popular cars) and has sold the entire shipment already. He looks for another car load in a few days. If you want one it is advisable to grab 'em while they are hot. The new model Dodge has a higher hood, slanting windshield and new rear curtain, which changes give the car a much prettier line than the former design.

Mr. David Connor has returned from Monticello, Ga., where he went on the sad mission of the burial of his wife. Mrs. J. F. Webb of Wigham, and Mrs. M. O. Campbell of Lumber City, Ga., sisters of Mrs. Connor, returned with him for a few days stay in town.

CARNEGIE MEDAL FOR MARY BUHNER

Carnegie Commission Will be Asked
to Confer This Recognition on
Brave St. Petersburg Girl

St. Petersburg, June 19.—(By the Associated Press).—Application will be made to the Carnegie Hero Fund Commission for a gold medal for Miss Mary Buhner, who made a vain but desperate effort to save her chum, Miss Dorothy McClatchie, after the latter had been mangled by some sea monster while swimming far from shore in the bay here Saturday. For half an hour after the fish struck the girl, Miss Buhner held her up in deep water with a high sea running, momentarily expecting to be attacked herself. Miss McClatchie died from loss of blood while being held up but Miss Buhner swam with the body until picked up by a boat.

George Rowe, one of the men who went to the rescue of the two girls with a boat after hearing their cries, said: "That little girl," referring to Miss Buhner, "sure is a brick. She was holding Miss McClatchie out of the water when we arrived and was pulling her toward shore. She deserves a lot of credit for her nerve as she did not know what minute the fish would return and get her."

More than twenty imprints of the fish's teeth were visible on the upper part of Miss McClatchie's thigh between the two deep wounds made. Dr. Lambdin, who examined the wound after the young lady had been removed to the hospital, said he found that the femoral artery had been severed and that the wound extended to the bone and partly through the bone of the leg.

MASONS WARNED TO KEEP OUT OF KU KLUX KLAN

New York, June 19.—(By the Associated Press).—Supreme Court Justice Tompkins, grand master of the Grand Lodge of Masons of New York state, in a statement today denounced the Ku Klux Klan and warned members of the Masonic fraternity that they cannot be both Masons and klansmen.

W. E. Smith and family returned home Saturday from the meeting of the State Bar Association in Orlando. Mr. Smith says Orlando certainly did entertain the visitors royally and as soon as the sessions were over the mental pressure was relieved and they went on a real lark. The first evening they were carried over Orlando and Winter Park by autos, the trip ending at Lake Side Park, where the majority went in bathing and after the swim cold watermelon was served.

Thursday night a smoker was given at the Country Club. All the grounds in front of the club as well as the approach to the club were enlivened with Japanese lanterns, that swayed and twinkled in many colors, each lantern hiding an electric bulb in its center. Harry Voorhis, the inimitable and irrepressible, had charge of the program and he did things up brown. The entertainment which he furnished was as good as Keith ever put on the circuit, Howard Lyman, Wilbur Tilden, Dr. J. D. Adecock and Mrs. Lynch putting on numbers that were hard to beat.

Mrs. George MacKay and Miss Annie MacKay have gone to the comfortable MacKay home at North Lake Weir for the summer. Mr. MacKay and sons will join them there for the week-ends.

Mrs. Leon Mason is out after a week's illness.

Sara and Luvy, the two attractive daughters of Mr. and Mrs. James E. Johnson of Palatka, are in Ocala with their aunt, Mrs. L. W. Ponder.

SENATE TO CONSIDER TARIFF BILL FIRST

Fate of the Soldier Bonus Will Also
Be Decided Before Recess
of Congress

Washington, June 19.—(Associated Press).—Senate republicans in conference today voted thirty to nine against laying aside the tariff bill to consider the soldier bonus measure. A resolution favoring final disposition of both the tariff and bonus measures at this session and before any recess is taken, was adopted twenty-seven to eleven.

MEXICANS ASKED TO APPRE- HEND MURDERERS

Washington, June 19.—(Associated Press).—The American embassy at Mexico City and consulate at Tampico have been instructed to request federal and local Mexican officials to make every effort to apprehend the murderers of Warren D. Harvey, an American citizen killed June 17th by bandits five miles from Tampico.

GOVERNOR SMALL WILL OFFER NO EVIDENCE

Waukegan, June 19.—(Associated Press).—Governor Small will offer no evidence in his behalf at his trial for conspiracy, attorneys for the defense announced today, but will rest on the evidence of the prosecution. The announcement came as a surprise as it was expected the defense would require two or three weeks.

SUN YAT SEN WITNESSED SHELLING OF CANTON

London, June 19.—(By Associated Press).—Sun Yat Sen, former head of the southern Chinese government who fled from Canton upon occupation of that city by the forces of Chen Chiung Min, was aboard one of the warships which shelled Canton Saturday, says a Hong Kong dispatch.

BLUE SKY LOST AT SEA

London, June 19.—(By Associated Press).—The admiralty announces that the drifter Blue Sky, which left Portsmouth June 12th for a Scottish port, presumably has been lost at sea with all hands. Wreckage of the vessel has washed ashore. The vessel carried a lieutenant, two midshipmen and eleven men.

MALEVER'S BANKRUPT SALE

The opening of the bankrupt sale at Malever's store last Saturday proved to be everything that the proprietor had promised, according to the statement of Mr. Malever to the Star reporter.

As soon as the doors opened for the day's business people began to come in from all sections in order to be on hand early and secure first pick of the goods advertised at such attractive prices, and Mr. Malever says he does not believe that a single one went away disappointed. There was a steady stream of customers all day long, and up into the night, and the host of clerks were on the jump all day long to wait on them.

Mr. Malever noted with much pleasure the many new faces that appeared in the crowds, and upon inquiry he learned that Citrus, Levy and Sumter counties were well represented among them.

Though there was a continuous line of customers on hand all day, there was not that unpleasant jam that sometimes attends these special sales, as the establishment had attended to the matter of having a sufficient sales force on hand at all times to handle them with reasonable promptness.

Mr. Malever says that while today's business is not as heavy as that of Saturday, the sale is progressing in a most satisfactory manner.

CUT OUT NOTICE

TO LIGHT AND WATER CONSUMERS:

All Light and Water consumers who have not paid up their accounts by the 20th inst. will be cut off without further notice and \$1.00 charged for re-connecting the service.

H. C. SISTRUNK, City Clerk
